

The Engineer's Choice

Quick release mountings, gimballed joints, and toughened connectors are just the beginning. The Type 47 Magpie from Thatcher Steel really is the best in the business. Tough, versatile , and available on a DebtCredit™ lease there's a reason they call it 'THE ENGINEER'S CHOICE'.

Available with an Aeon TKMK044 reactor with a nominal 10MW output, it has plenty of power for all the systems and modules you could want. Supplied as default with rigging arms with integral welding lasers, bipedal locomotion, and a Vickers-Royce Spearhead AMGM for defense it's the complete package.

Thatcher Steel also exclusively provides on-going support and maintenance agreements to ensure all the parts you receive are genuine. Our extended warranty ensures you're never without what you need for only a small additional monthly fee!

Enquire today with your local Thatcher Steel representative for our DebtCredit™ Lease programme.
